

**PSHE (Personal, Social, Health Education) Policy
(including Relationships and Health Education
statutory from September 2020, and our position
on Sex Education)**

Policy Reference Number:

Issue Date: January 2022

Review Date: January 2023

Policy Statement at the Marchant-Holliday School

Personal, Social, Health Education (PSHE) is seen as an essential part of the children's special needs and as such forms part of our core curriculum. The school ethos and waking day curriculum promote pupil's self-esteem and emotional well-being.

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

PSHE

At The Marchant Holliday School, we teach Personal, Social, and Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity. We use the Jigsaw Programme as a scheme of work for class PSHE lessons. We also develop the children's knowledge of PSHE by interweaving social skills, health education, social thinking, circle time and personal development in all aspects of our curriculum.

What is Jigsaw?

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area. The overview of the programme can be seen on the school website.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

The aims of the Jigsaw programme are to provide pupils with the knowledge, understanding, attitudes, values and skills they need in order to reach their potential as individuals and within the community.

Pupils are encouraged to take part in a wide range of activities and experiences across and beyond the curriculum, contributing fully to the life of their school and communities.

In doing so they learn to recognise their own worth, work well with others and become increasingly responsible for their own learning. They reflect on their experiences and understand how they are developing personally and socially, tackling many of the spiritual, moral, social and cultural issues that are part of growing up.

They learn to understand and respect our common humanity; diversity and differences so that they can go on to form the effective, fulfilling relationships that are an essential part of life and learning.

In our school, we choose to deliver Personal, Social, Health Education using Jigsaw, the mindful approach to PSHE.

Objectives/pupil learning intentions

Jigsaw PSHE will support the development of the skills, attitudes, values and behaviour, which enable pupils to:

- Have a sense of purpose
- Value self and others
- Form relationships
- Make and act on informed decisions
- Communicate effectively
- Work with others
- Respond to challenge
- Be an active partner in their own learning
- Be active citizens within the local community
- Explore issues related to living in a democratic society
- Become healthy and fulfilled individuals

Here, at The Marchant Holliday School we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme. By the end of primary school, the pupils will have developed an understanding of:

- Mental wellbeing
- Internet safety and harms
- Physical health and fitness
- Healthy eating
- Facts and risks associated with drugs, alcohol and tobacco
- Health and prevention
- Basic first aid
- Changing adolescent body

In providing children with an understanding of healthy and respectful relationships and appropriate boundaries, we consider effective RSE to be a fundamental part of our approach to supporting pupils to grow into confident, caring, responsible and respectful young citizens. RSE is lifelong learning about personal, physical, moral and emotional development. It is set in the context of clear values about the understanding of the importance of stable and loving relationships, respect, love and care, for family life. We believe it teaches children and young people to develop and form positive values,

attitudes, personal and social skills, and increase their knowledge and understanding of how to make informed decisions and life choices.

Statutory Relationships and Health Education

“The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education (PSHE) continues to be compulsory in independent schools.”

DfE Guidance p.8

“Today’s children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way.”

“This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools.”

“In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy.”

“These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others’ wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society.”

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

“All schools must have in place a written policy for Relationships Education and RSE.”

DfE Guidance p.11

RSHE has clear links with other school policies aimed at promoting pupils’ spiritual, moral, social and cultural development, including the:

- Anti-Bullying Policy
- Assessment, Recording and Reporting Policy
- Behaviour Written Statement
- GDPR Policy– Guidelines for staff
- Curriculum Policy
- E-Safety and Media Policy
- Drug and Alcohol Education Policy

- Equal Opportunities Policy
- Health and Safety Policy
- Promoting British Values Policy
- Promoting Positive Mental Health Policy
- Safeguarding & Child Protection Policy
- Special Educational Needs and Disability Policy
- Working with Challenging Behaviour and Discipline

The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme’s complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

- [Keeping Children Safe in Education](#) (statutory guidance)
- [Respectful School Communities: Self Review and Signposting Tool](#) (a tool to support a whole school approach that promotes respect and discipline)
- [Behaviour and Discipline in Schools](#) (advice for schools, including advice for appropriate behaviour between pupils)
- [Equality Act 2010 and schools](#)
- [SEND code of practice: 0 to 25 years](#) (statutory guidance)
- [Alternative Provision](#) (statutory guidance)
- [Mental Health and Behaviour in Schools](#) (advice for schools)
- [Preventing and Tackling Bullying](#) (advice for schools, including advice on [cyberbullying](#))
- [Sexual violence and sexual harassment between children in schools](#) (advice for schools)
- [The Equality and Human Rights Commission Advice and Guidance](#) (provides advice on avoiding discrimination in a variety of educational contexts)
- [Promoting Fundamental British Values as part of SMSC in schools](#) (guidance for maintained schools on promoting basic important British values as part of pupils’ spiritual, moral, social and cultural (SMSC))
- [SMSC requirements for independent schools](#) (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
------	---------------	---------

Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At The Marchant Holliday School we allocate one lesson a week for the teaching and learning of the Jigsaw programme and one whole class lesson per week for Social Thinking (Garcia-Winner). These lessons are taught by the class teacher and supported by two teaching assistants.

A further opportunity to develop PSHE and personal development takes place once a week in OWL School (outdoor woodland learning) with our specialist outdoor learning teacher. In addition to Jigsaw PSHE, we also timetable daily circle times and social skills sessions.

Although Jigsaw lessons are explicitly taught, we believe in using every opportunity to help our young people develop their understanding of their place in the world, develop them personally and prepare them for adulthood. Interwoven through cross-curricular, experiential based learning and the wider curriculum offer, are activities which encourage our pupils to become well-rounded individuals.

Each pupil, at the Marchant-Holliday School as a dedicated Key-worker. During 1:1 sessions, Key-workers use the opportunity to incorporate PSHE, develop relationships with the pupils and develop the pupil's physical and mental health.

As a whole school, we pride ourselves on modelling skills and imparting knowledge to develop the emotional intelligence of our children and for them to become empathetic, conscientious members of society. We teach the PSHE knowledge and skills in a developmental and age-appropriate way, which supports our pupils' social and emotional development.

In cross-curricular links with Swimming, Cookery, PE, horse riding, OWL school, gardening and STEM (science, technology, engineering and maths), we provide a framework for the pupils to understand the benefits of keeping physically and mentally healthy. We encourage students to recognise the

connection between health and learning and we promote the spiritual, moral, social, cultural, mental and physical development of our pupils.

Through a range of trips, hooks, assemblies and visitors, we work to prepare the pupils for adulthood and the opportunities, responsibilities and experiences of later life.

Our extra-curricular after-school clubs and vocational opportunities support the work done in the classroom and help the children to demonstrate the skills they have acquired. At club time, pupils show their knowledge of positive co-operation, responsibility, respectfulness and being an active citizen.

In Computing E-safety lessons, pupils are taught to recognise the inappropriate use of mobile technology and social media and recognise online and offline risks to their well-being. Additional, discrete lessons have been used to consolidate the children's learning on E-safety in preparation for accessing the internet during times of Remote Education.

Our whole school approach to Growth Mind-set and developing our pupils' independence, collaboration, resilience and perseverance helps the students to strive for success in their school time and later life.

The content of PSHE lessons are enhanced through assemblies and collective worship, our school token system, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

However, 'Sex Education is not compulsory in primary schools'. (p. 23)

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At The Marchant Holliday School, we believe children should understand the facts about human reproduction before they leave primary school. We define Sex Education as understanding human reproduction. We intend to teach this as part of the science curriculum as well as in PSHE lessons.

"Parents have the right to request that their child be withdrawn from some or all of sex education delivered as part of statutory Relationships and Sex Education" DfE Guidance p.17

At The Marchant Holliday School, puberty is taught as a statutory requirement of Health Education and covered by our Jigsaw PSHE Programme in the 'Changing Me' Puzzle (unit). We conclude that sex education refers to Human Reproduction, and therefore inform parents of their right to request their child be withdrawn from the PSHE lessons that explicitly teach this i.e. the Jigsaw Changing Me Puzzle (unit) e.g.

Year 4, Lesson 2 (Having a baby)

Year 5, Lesson 4 (Conception)

Year 6, Lesson 4 (Conception, birth)

The role of parents and carers/parental and carers right of withdrawal

We recognise that parents and carers are the primary providers of RSE for their children. Our RSE curriculum is designed to support and complement this. We aim to build a positive and supportive relationship with parents and carers through mutual understanding, trust and co-operation. In promoting this we will:

- Inform parents about the school's RSE policy and practice;
- Provide opportunities to view videos, lesson plans and resources used in the RSE programme;
- Answer any questions that parents may have about RSE for their child;

- Take seriously any issues or concerns that parents raise.

We believe that all of the content within our school's PSHE curriculum, including RSE, is of the utmost importance and relevance to all pupils.

We will inform parents of the right to withdraw by letter in the first part of Summer Term in advance of non-statutory sex education lessons being taught. Parents and carers who wish to exercise their right to withdraw their child from non-statutory sex education should talk with the Head of Curriculum, Teaching and Learning, Head of Personal Development or the Headteacher in the first instance, who will explore any concerns and discuss resources being used. If parents still wish to withdraw their child from non-statutory sex education lessons, this request will be recorded, and suitable alternative arrangements made for pupils during relevant lessons. The issue of withdrawal will be handled as sensitively as possible. Parents should also understand that the decision to remove their child from these lessons indicates that they themselves will assume responsibility for talking to their children about any related sex education themes covered outside of National Curriculum Science

Managing difficult questions

During both formal and informal PSHE/RSE sessions, pupils are encouraged to ask questions. Any questions from pupils are answered according to the age and maturity of the pupil concerned, and if the teacher delivering the session deems it appropriate to answer.

Teachers will:

- use specific ground rules for this work which will clarify boundaries for children/young people, and mitigate disclosures in class
- clarify that personal questions should not be asked
- clarify that pupils should not give out personal information in class but speak to someone they trust after the lesson, e.g. Key-worker, teacher, teaching assistant, SLT.

In some lessons, an anonymous question box may be used to allow children to ask questions about potentially sensitive or embarrassing topics. Teaching staff will endeavour to answer questions as openly as possible but if faced with a question they do not feel comfortable answering within the classroom, or that is not age-appropriate (or within the school's RSE policy), provision may be made to address the individual child/young person's requirements.

The school believes that individual teachers must use their professional skill and discretion in this area and refer to the Designated Safeguarding Lead if they are concerned about any question from a safeguarding perspective. If a teacher does not know the answer to a question or if a question is felt to be inappropriate, this should be acknowledged and, if considered necessary, this may be followed up outside of the classroom environment with individual pupils. Children may also be signposted back to parents/carers who have ultimate responsibility in talking to their children about sensitive matters. We will also encourage parents to talk with school if they have any questions or queries, and if they would like advice on how to better support their child and continue learning outside of the classroom.

The role of the Headteacher and Governing body

It is the responsibility of the Governors to ensure that as well as fulfilling their legal obligations, the governing boards or management committee should also make sure that:

- all pupils make progress in achieving the expected educational outcomes in regard to RSHE;
- RSHE is well led, effectively managed and well planned;
- the quality of RSHE provision is subject to regular and effective self-evaluation;
- teaching is delivered in ways that are accessible to all pupils with SEND who all have an EHCP;
- clear information is provided for parents on the subject content and the right to request that their child is withdrawn; and,
- the subjects are resourced, staffed and timetabled in a way that ensures that the school can fulfil its legal obligations

The Headteacher liaises with external agencies regarding the school RSHE programme and ensures that all adults who work with children on these issues are aware of the school policy, and that they work within this framework. The Headteacher monitors this policy on a regular basis and reports to governors, when requested, on the effectiveness of the policy. Parents should be consulted on the RSE policy and have the opportunity to express their views. They also must be informed of the limits of their right to withdraw their child from sex education and have the opportunity to do so within these limits.

Monitoring and Review

Our aim is to provide RSE that is relevant and tailored to meet the needs of our pupils, depending on their age and stage of personal development. For this reason, we regularly review the RSE curriculum to evaluate its effectiveness and will inform parents of any revisions to the school policy or curriculum as required. Teachers will continually reflect on the effectiveness of our PSHE provision, and the PSHE Subject Leader will gather staff views through regular Staff Voice feedback. Pupil Voice exercises will also be used to inform reviews and updates to planning, resources and activities.

The governing body monitors the RSE policy on an annual basis. They report their findings and recommendations if the policy needs modification. The governors consider any comments from parents about the sex education programme, and makes a record of all such comments. Governors require the Headteacher to keep a written record, giving details of the content and delivery of the RSE programme that is taught in our school. Governors should scrutinise materials to check they are in accordance with the school's ethos. Parents and carers have the right to see sample materials used within the teaching of RHSE and can do so by prior appointment with a member of staff.

Location and dissemination

Copies of this policy are held by the Headteacher and PSHE Subject Leader. Further copies are available in the staff policy folder on the P-drive; on the school website and from the school office on request from parents.

Staff support and training

The Marchant-Holliday School believes in the importance of appropriate staff training to enable staff to deliver effective RSE. The PSHE Subject Leader will access courses or INSET opportunities to assist staff involved in the delivery of RSE in accordance with the School Improvement Plan.

Equality

The Equality Act 2010 covers the way the curriculum is delivered, as schools and other education providers must ensure that issues are taught in a way that does not subject pupils to discrimination. Schools have a duty under the Equality Act to ensure that teaching is accessible to all children and young people, including those who are lesbian, gay, bisexual and transgender (LGBT). Inclusive RSHE will foster good relations between pupils, tackle all types of prejudice – including homophobia – and promote understanding and respect. The Department for Education has produced advice on The Equality Act 2010 and schools (DfE, 2014b).

Schools have a legal duty to promote equality (Equality Act, 2010) and to combat bullying (Education Act, 2006) (which includes homophobic, sexist, sexual and transphobic bullying) and Section 4.2 of the national curriculum (2014) states “Teachers should take account of their duties under equal opportunities legislation that covers race, disability, sex, religion or belief, sexual orientation, pregnancy and maternity, and gender reassignment.”

“Schools should be alive to issues such as everyday sexism, misogyny, homophobia and gender stereotypes and take positive action to build a culture where these are not tolerated, and any occurrences are identified and tackled. Staff have an important role to play in modelling positive behaviours. School pastoral and behaviour policies should support all pupils.” (DfE, 2019)

Relationships Education in Primary schools – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults. The references R3/H5 etc can be cross-referenced on the Jigsaw mapping documents and Puzzle Maps to show which lessons throughout Jigsaw contribute to which statutory outcomes. All statutory outcomes are covered in the Jigsaw 3-11 Programme.

The guidance states that, by the end of primary school:

	Pupils should know...	How Jigsaw provides the solution
Families and people who care for me	<ul style="list-style-type: none"> • R1 that families are important for children growing up because they can give love, security and stability. • R2 the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • R3 that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • R4 that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. • R5 that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious). • R6 how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference • Being Me in My World

Caring friendships	<ul style="list-style-type: none"> • R7 how important friendships are in making us feel happy and secure, and how people choose and make friends • R8 the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties • R9 that healthy friendships are positive and welcoming towards others and do not make others feel lonely or excluded • R10 that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right • R11 how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help and advice from others, if needed 	
Respectful relationships	<ul style="list-style-type: none"> • R12 the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs • R13 practical steps they can take in a range of different contexts to improve or support respectful relationships • R14 the conventions of courtesy and manners • R15 the importance of self-respect and how this links to their own happiness • R16 that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority • R17 about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help • R18 what a stereotype is, and how stereotypes can be unfair, negative or destructive • R19 the importance of permission-seeking and giving in relationships with friends, peers and adults 	
Online relationships	<ul style="list-style-type: none"> • R20 that people sometimes behave differently online, including by pretending to be someone they are not. • R21 that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships

	<ul style="list-style-type: none"> • R22 the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • R23 how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. • R24 how information and data is shared and used online. 	<ul style="list-style-type: none"> • Changing Me • Celebrating Difference
Being safe	<ul style="list-style-type: none"> • R25 what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • R26 about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • R27 that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • R28 how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. • R29 how to recognise and report feelings of being unsafe or feeling bad about any adult. • R30 how to ask for advice or help for themselves or others, and to keep trying until they are heard, • R31 how to report concerns or abuse, and the vocabulary and confidence needed to do so. • R32 where to get advice e.g. family, school and/or other sources. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference

Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	<ul style="list-style-type: none"> • H1 that mental wellbeing is a normal part of daily life, in the same way as physical health. • H2 that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations. • H3 how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings. • H4 how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. • H5 the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness. • H6 simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. • H7 isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. • H8 that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being. • H9 where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else’s mental well-being or ability to control their emotions (including issues arising online). 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me • Relationships • Changing Me • Celebrating Difference

	<ul style="list-style-type: none"> • H10 it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough. 	
Internet safety and harms	<ul style="list-style-type: none"> • H11 that for most people the internet is an integral part of life and has many benefits. • H12 about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. • H13 how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. • H14 why social media, some computer games and online gaming, for example, are age restricted. • H15 that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. • H16 how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. • H17 where and how to report concerns and get support with issues online. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Healthy Me
Physical health and fitness	<ul style="list-style-type: none"> • H18 the characteristics and mental and physical benefits of an active lifestyle. • H19 the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. • H20 the risks associated with an inactive lifestyle (including obesity). • H21 how and when to seek support including which adults to speak to in school if they are worried about their health. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Healthy eating	<ul style="list-style-type: none"> • H22 what constitutes a healthy diet (including understanding calories and other nutritional content). 	<p>All of these aspects are covered in lessons within the Puzzles</p>

	<ul style="list-style-type: none"> • H23 the principles of planning and preparing a range of healthy meals. • H24 the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). 	<ul style="list-style-type: none"> • Healthy Me
Drugs, alcohol and tobacco	<ul style="list-style-type: none"> • H25 the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking 	
Health and prevention	<ul style="list-style-type: none"> • H26 how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. • H27 about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. • H28 the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. • H29 about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. • H30 about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. • H31 the facts and science relating to immunisation and vaccination 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
